

# CONVICTION OF NEWBERRY IS SET ASIDE

## DECISION OF SUPREME COURT UNANIMOUS IN REVERSAL

Chief Justice White And Associates Pitney, Clark And Brandeis Dissent In Finding That Congress Is Without Power To Regulate State Primaries.

(By The Associated Press)  
WASHINGTON, May 2.—Setting aside the conviction of Senator Truman H. Newberry, of Michigan, and sixteen others for violation of the federal corrupt practices act, the supreme court held today that the act was unconstitutional. The court was unanimous in reversing the convictions, but divided five to four as to the validity of the law. Chief Justice White and Associate Justices Pitney, Clark and Brandeis dissented from the court's findings that congress was without power to regulate state primaries, but concurred in the reversal, which, they thought, should have been based on the error of the trial judge's instruction to the jury.

Justice McKenna, while concurring in the majority opinion "as applied to the statute under consideration," reserved the question of the power of congress under the seventeenth amendment—which provides for direct election of senators—to supervise primaries.

Opinion was divided in the senate committee as to the effect of the decision upon future activities of the elections committee with regard to the Michigan election of 1918 in which Henry Ford, as the Democratic senatorial candidate, opposed Mr. Newberry. Senator Dillingham, chairman, said that since the corrupt practices law had been held unconstitutional it appeared that the committee would have no further jurisdiction.

Senator Spencer, chairman of the sub-committee, considering the Ford-Newberry case, announced that despite the decision the inquiry would be continued, to determine, he said, who was elected as well as Mr. Ford's charge of fraud. The subcommittee has completed its report of votes, which gave Senator Newberry a majority.

Senator Newberry has not been in his seat in the senate since he was convicted and sentenced to serve two years in the Leavenworth federal prison and pay a \$10,000 fine.

The court's decision was that the direct election amendment had not affected section four, article one, of the Constitution, which, the majority opinion said, while it gave congress power to regulate the manner of holding elections, did not confer on it authority to control party primaries or conventions for selection of candidates for federal offices.

Domestic affairs of the states would be interfered with and liberties reserved to the people would be infringed upon if congress was held to have control over primaries, the opinion stated. It was pointed out also that inasmuch as states "may suppress whatever evils may be incident to primary or convention, and each house of congress has the power to judge the elections, qualifications and returns of its own members, the national government is not without power to protect itself against corruption, fraud and other malign influences."

Chief Justice White, in his dissenting opinion, said he favored reversal of judgment obtained in the lower courts against Senator Newberry and 16 others, without prejudice to a new trial, "because of the grave misapprehension and gross misapplication of the statute upon which the conviction and sentence below was based."

Challenge Right of State. "It is said that as the power which is challenged here is the right of a state to provide for and regulate a primary for nominating United States senators free from the control of congress, and not the election of such senators, therefore as the nominating primary is one thing and the election another and different thing, the power of the state as to the right of congress to regulate the 'times and manner' of electing senators. But the proposition is a suicidal one, since it retains in the senate the only power it could possibly have as delegated by the (constitutional) clause in question and refuses to give effect to the regulating control which the clause confers on congress as to that very power."

"In the last analysis the contention must rest upon the proposition that there is such absolute want of relation between the power of government to regulate the election after nomination, that a paramount government, which would be tragic if that provision of the constitution which

## TALBOT SWORN IN AS GOVERNOR OF IRELAND MONDAY

Only Officials Witnessed Ceremony in Dublin Castle

(By The Associated Press)  
DUBLIN, May 2.—Lord Edmund Bernard Talbot, who is now Viscount Fitzalan, was sworn in today as Lord Lieutenant and governor general of Ireland. The ceremony which took place in Dublin castle followed precedent but was attended only by high officials.

The new viceroy arrived here this morning.

Two motion picture photographers and the venerable keeper of the news stand, were the only civilians permitted on the station platform to witness his arrival. Newspapersmen also were excluded from the ceremony in Dublin castle, where Viscount Talbot was given an informal reception.

With the coming of the new viceroy, preparations for the approaching elections will be hastened. The first election posters already have been put up, exhorting the electors to vote for republican candidates.

## IMPORTANCE OF INLAND WATERWAYS TOLD BY SPEAKERS

Mississippi Valley Must Be Developed to Cut the Freight Rates

(By The Associated Press)  
NEW ORLEANS, May 2.—The importance of inland waterway development in the United States, particularly in the Mississippi Valley region, was emphasized by speakers at the opening session today of the third annual convention of the Mississippi Valley association.

Governor Parker of Louisiana, in the keynote speech, declared it time for voters to get behind those in authority and obtain legislation which would make it possible for "all the waterways to be developed, rather than a few points of particular interest to certain members of congress."

Representative Newton of Missouri, a member of the house rivers and harbors committee, blamed most of the problems confronting the people to high cost of freight transportation, and declared the solution was in inland waterways development.

Dedication of Inner Harbor. Directly connected with the question of inland waterways development was the dedication today of the \$20,000,000 New Orleans industrial canal and inner harbor.

The canal, which probably will be ready for operation next summer, was formally accepted for the Mississippi Valley by President Merrick, who thanked the people of New Orleans for making its construction possible by bond issue.

He asserted that while the Mississippi Valley association was in no way responsible for the building of the canal, it would create the opportunity for vastly increased north and south trade, relieving Atlantic seaboard congestion and giving the producers of the valley a chance to control the trade with Latin America.

## AMERICAN CITY BUREAU READY TO BEGIN WORK

William Davenport, assistant organization director for the American City Bureau, came to Jacksonville last night to make the preliminary arrangements for starting of the work here. Jarvis D. Price, organization director, is expected today. The American City Bureau has arranged with a number of business men for the reorganization of the Chamber of Commerce and the work is to be pushed in a thorough and successful way.

## MAJOR GENERAL HARRIS TAKES ENTIRE BLAME

Says He Alone Responsible for Release of Bergdoll

(By The Associated Press)  
WASHINGTON, May 2.—Major General Peter C. Harris, adjutant general of the army, told a house investigating committee today that he alone was responsible for the release under guard of C. G. Bergdoll, convicted draft dodger, to go out secretly and hunt for a pot of buried gold in the mountains of West Virginia. Bergdoll was permitted to start on the golden chase, but never returned, escaping at Philadelphia, where he had stopped over on his way to the mountains to visit his mother.

It was on the plea of Samuel T. Ansell, formerly acting adjutant general, General Harris testified, that the prisoner was let out. The general said he had been assured by Mr. Ansell, attorney for Bergdoll, that the story of the hidden treasure was true, and that he would be sent back to Fort Jay after his search.

General Harris said he showed the Ansell letter to General March, chief of staff, "who only glanced at it."

"General March asked me if I knew of any objection to granting the request," the witness testified, "and I replied that Mr. Ansell thought that Bergdoll had actually hidden about \$150,000 in gold, and General March said 'go ahead' or words to that effect. I did not go to the chief of staff for authority to act. The order was written by my assistant and I approved it."

Former Brigadier General John J. Sherburne, of Boston, counsel for the committee, and members wanted to know why the expedition was surrounded with such secrecy and why efforts were made to avoid publicity. The general said he assumed that the prisoner would be liberated if seen traveling under military guard.

The name of John W. Westcott of New Jersey, described as the man who placed Woodrow Wilson in nomination at the Baltimore and St. Louis conventions, was mentioned as one of Bergdoll's lawyers.

Reference to Mr. Westcott's part in the case was made by Representative Johnson, Democrat, Kentucky, while conducting the examination. General Harris testified that when Mr. Ansell first urged him to permit the release of Bergdoll he stated that he had discussed the story of the gold with D. C. Gibbons, now dead, and Mr. Westcott, the other attorneys, and that they believed it.

"Previous to Bergdoll's escape and while the lawyers were preparing to appeal from the five year sentence," General Harris testified, "Mr. Ansell told me the secretary of war would remember Mr. Westcott as he had nominated President Wilson."

## 12,000 PAPER WORKERS STRIKE

(By The Associated Press)  
ALBANY, N. Y., May 2.—Approximately 12,000 members of the International Brotherhood of Paper Workers are on strike, James T. Carey, president, said today.

The plants affected are in the northeastern section of the United States and Canada and are operated by the International Paper Company, Tidelwater Paper Company, Minnesota and Ontario Paper Company and the Port Frances Paper Company. Most of the mills are engaged in the production of newspaper print.

A few independent companies in this state have signed a wage and working agreement with the union and are not affected.

The strike was called in protest against a wage reduction of approximately 20 per cent and a change in working conditions.

## UNION PRINTING SHOPS IN CHICAGO ARE CLOSED DOWN

President of I. T. U. Says Only About 10,000 Idle

(By The Associated Press)  
INDIANAPOLIS, May 2.—Officials of the International Typographical Union after checking their reports today on the inauguration of strikes in a number of cities to enforce demands for the 44 hour work week in job and book printing offices predicted that less than 10,000 would be idle. John McParland, president, said complete figures would not be available until late tomorrow. Mr. McParland and other union officials expressed satisfaction with developments of the strike for the shorter work week.

Mr. McParland said that few newspapers would be affected. Chicago, May 2.—Union job printing houses in Chicago were closed down today, the result of a strike which hit more than fifty cities in all parts of the country. It applied to the book and job printing industry.

The issue, according to the employers, was the 44 hour week and what rate should be paid where it is installed. In Chicago the shorter week went into effect today in the union shops, according to agreement. The employers had posted notices that pay would be at the old hourly rate.

The unions were said to take the position that the old weekly rate of earnings should apply, and that 48 hours pay at the old rate should be given for 44 hours work. The union leaders declared this was part of the agreement, while employers affirmed that nothing of the sort was put into the understanding.

In Chicago it was estimated that between 9,000 and 4,500 job printers were out. The employers' walkout, the union leaders said, was a lockout.

Walter I. Barnes, secretary of the Chicago 48 hour league of employing printers declared tonight after a meeting attended by 53 employing printers who maintain open shops, that the employers would maintain their stand for the 48 hour week.

1,500 Out In St. Louis. St. Louis, May 2.—Approximately 1,500 members of the allied trades are on strike because of employers' refusal to inaugurate the 44 hour working week, according to union officials tonight.

Union officials said negotiations are under way for settlement in several of the larger establishments.

## AMENDMENT IS PASSED TO EDGE FINANCE MEASURE

Will Make It Easier to Finance Corporations Than Now

(By The Associated Press)  
WASHINGTON, May 2.—An amendment to the Edge export finance act, offered by Senator Edge, Republican, New Jersey, was passed today by the senate and sent to the house. Under the amendment, after 25 per cent of the capital of an Edge finance corporation has been paid in, and providing this amounts to \$2,000,000 or more, the remainder of the capital may be paid in on call by the directors, instead of in installments every other month. Consent of the federal reserve board will be necessary.

"In endeavoring to incorporate corporations now with a capital of \$100,000,000," Senator Edge told the senate, "It has been found very difficult to obtain subscriptions from associations, farmers, banks or from others, because it is required that they must pay in this very large sum of money every two months following the initial payment of 25 per cent."

"I consider it absolutely essential for this congress to do something in a practical way to help the present situation as far as it relates to exports."

## GERMAN COUNTER PROPOSALS ARE UNACCEPTABLE

Secretary Hughes So Notifies Dr. Simons, Foreign Minister

(By The Associated Press)  
WASHINGTON, May 2.—The German reparations counter proposals are unacceptable as a basis for discussion, Secretary Hughes informed Dr. Simons, the German foreign minister, in a note tonight.

The secretary urged the German government to make further proposals directly to the allied governments. He also expressed the earnest desire of the American government for a prompt settlement of "this vital question."

The text of Secretary Hughes' communication, dispatched tonight at eleven o'clock to Loring Dresel, the American high commissioner in Berlin, follows:

"The government has received the memorandum left by Dr. Simons with the commissioner of the United States under date of April 24, relating to reparations.

In reply, this government states that it finds itself unable to reach the conclusion that the proposals afford a basis for discussion acceptable to the allied governments and that these proposals cannot be entertained. This government, therefore, again expressing its earnest desire for a prompt settlement of this vital question, strongly urges the German government at once to make directly to the allied governments clear, definite and adequate proposals which would in all respects meet its just obligations."

## CARPENTERS WALK OUT IN SYMPATHY AT STOCK YARDS

Join With Livestock Handlers' Union in Protest

(By The Associated Press)  
CHICAGO, May 2.—Altho 150 carpenters today joined the livestock handlers' union on strike at the stockyards, in protest against a proposed wage cut of 8 cents an hour, there was no further extension of the walkout, as had been threatened.

An attempt was made to have the Amalgamated Meat Cutters join with the livestock handlers, but Walter Bonkowski, secretary of the meat cutters, said: "We're not going out with those fellows. Their quarrel is not ours."

Altho union leaders claimed that 1,500 men were out, the day's receipts of livestock—1,300 cars in all—were handled without any difficulty, according to the stockyards company. Many farmers accompanied their shipments to market and these, with the help of the railway men, took care of all receipts.

Company officials said they had offered the arbitrate wage reduction, but that this had been refused by the men.

## UTILITY BILL WILL COME UP FRIDAY

SPRINGFIELD, May 2.—Governor Small's utilities bill will be before the house tomorrow, administration leaders said tonight. Chairman Brinkman of the committee on public utilities has called a meeting of the committee for 9 a. m. tomorrow for the purpose of reporting the bill out.

The Thompson traction bill will probably appear this week also according to men on the inside of administration affairs.

Representative Boyd, chairman of a special sub-committee, said tonight that a favorable report on the Little bill, appropriating \$10,500,000 to the University of Illinois will be made to the house appropriations committee tomorrow.

Forty-two bills were advanced to second reading by the house tonight with Representative Boyd in the speaker's chair.

## GOVERNOR SMALL ISSUED EXTRADITION PAPERS

Springfield, May 2.—Governor Small tonight issued extradition papers for the return of Vance Carringer from Indianapolis, Ind., to Danville where he is wanted for an alleged criminal assault upon a young woman. Registration papers were received from New York for Frank Musco, wanted for manslaughter, Musco was located in Chicago.

## SUPREME COUNCIL REACHES AGREEMENT AS TO REPARATIONS

Germany Will Be Compelled to Pay 6,600,000,000 Pounds Sterling—Planned to Have German Government Issue Bonds at Five Per Cent—Hope to Soon Finish Report

(By The Associated Press)  
LONDON, May 2.—The supreme council today reached a substantial agreement on the terms to be imposed on Germany. In principle, it is agreed Germany be put under obligation to pay the allies 6,600,000,000 pounds sterling. She will be required to pay 100,000,000 pounds yearly, plus 25 per cent on her exports.

This obligation shall be acknowledged by the issue of Germany of bonds bearing five per cent interest. Of these, a certain amount shall be issued immediately, a second lot in November, and thereafter as many more as she has ability to pay. How the bonds are to be paid off is still a matter of discussion.

These terms will be incorporated in the ultimatum, which expires on May 12 and which will be sent Germany as soon as the details of the terms are definitely decided upon.

When the German payments amount to more than the sum required to pay the interest on the bonds issued, the reparations commission will be entitled to request the issue of further bonds. The intention, according to a British official, is to proportion the German obligations after a certain figure, to her ability to pay.

Hopes to Conclude Report. The drafting committee hopes to conclude a report on the details in time for tomorrow's meeting, which will be attended by the military and naval experts.

Should Germany fail to accept the terms within the stipulated time, the French plans for occupation of the Ruhr, with a possible naval demonstration on the part of the British, will be carried out and the proceeds of German revenue will be appropriated towards payment of the annual obligations.

M. Briand announced tonight that he must return to Paris Tuesday night, so the meeting tomorrow is expected to be final.

The preamble of the agreement will recite that Germany having failed to fulfill the treaty of Versailles with respect to reparations, disarmament and punishment of the war criminals, and having violated other articles of the treaty, the allied governments have decided to occupy the Ruhr.

In this event British and Belgian forces on the Rhine will join with the French in their march into the district.

The result of today's meeting are regarded by the French delegation as measurably satisfactory. They would rather have occupied the Ruhr first and then informed Germany of the allies' minimum requirements, but in deference to Mr. Lloyd George's conviction that British public opinion would not willingly support occupation until Germany had been given another chance, Mr. Briand yielded the point.

Chairman Benson's statement was made after a conference with Secretaries Davis and Hoover on the marine labor situation. Secretary Davis continued his efforts to settle the dispute by conciliation. He called W. S. Brown, president of the Marine Engineers' Beneficial Association, into a conference at which present wage scales and working conditions were discussed at length and compared with pre-war figures.

Brown predicted today that the ship owners "will come to terms" in a few days.

New York, May 2.—Walkouts in response to the calls of union leaders began in all ports today, preceded in most cases by a 24 hour notice on the part of the men that they would leave. In New York more than 100 ships were directly affected, on all of which at least some of the men walked out.

Reports to the Steamship Owners' Association were that many engineers were remaining loyal to the companies and refusing to leave.

Winthrop L. Marvin, general manager of the association, said approximately 40 per cent of the American flag tonnage was idle—due to lack of cargo offerings. His estimate was that 65,000 men would be concerned. The estimate of the union leaders places the number at over 125,000.

## THE TAX DANGER

Hundreds of business men are going to Springfield today to appear before the Illinois legislature and enter a protest against various measures which will mean largely increased taxation. It is generally conceded that taxes have reached the danger point, and it is for that reason that business men wish to enter their appearance and to sound a note of warning.

This is a matter of common interest. Too often it is assumed that only those who own property pay taxes. This is not altogether true, for many of the taxes apply to all citizens alike, tho the collection thereof may come in an indirect way.

## THE SILENT PUBLIC

There were numerous citizens at the city council session Monday night for the purpose of talking about alleged roadways. There were no visitors at this initial meeting of the incoming administration to express confidence or appreciation. There would have been something really tragic in this absence if it were not true that public officials who have had experience expect little show of interest from those who place them in office.

And it is fortunately true in the present instance that the failure of citizens to voice approval of the personal sacrifice that the mayor and aldermen make in entering upon their public duties does not mean a lack of appreciation. In the present instance it could be properly viewed the opposite way—as an expression of satisfaction with services already performed by those who were identified with the administration during the past two years, and of confidence that the new administration will continue an established policy of making the best interests of Jacksonville the matter of primal consideration.

## MORE COMMISSION TALK

Richard F. McKiniry is another ex-congressman of Democratic persuasion, who wants a "permanent tariff commission" appointed by the President. Mr. McKiniry was put out of commission by a Republican, Hon. Albert Rossdale, in the recent elections, and he appears to have joined forces with Hon. James V. Ganly, former congressman from the 24th New York District in an organization known as the National Tariff League. McKiniry wants at tariff commission which will possess the authority to legislate on the tariff, notwithstanding that congress cannot constitutionally delegate legislation, and that "all bills for raising revenue shall originate in the house of representatives." It is hardly likely there will be an amendment to the federal constitution for the purpose of giving these gentlemen the sort of tariff commission they desire.

As for taking the tariff out of politics, the South is moving along that line with a speed which betrays a new consciousness of the benefits of the protective policy. The tariff will be removed from politics when the great majority of our people have accepted protection as a fundamental part of our domestic policy, and that doesn't seem so far off when one considers the remarkable change of opinion recorded by the South during the

past eight years of Wilsonism, free trade and surrender.

## THE BUDGET SYSTEM

The advantages of the budget system of national expenditures are strikingly shown in a recent report of the British Chancellor of the Exchequer to the House of Commons. One year ago the Chancellor estimated the revenues and expenditures for the ensuing twelve months, and predicted a surplus at the end of that period of about £235,000,000. The actual surplus proved to be only £4,000,000 less than that amount. For many years British finance has been controlled by a national budget system and the slight difference between estimates and actuals is between estimates and actualities may be credited almost entirely to it.

Contrast that condition with the financial state of affairs in the United States, where the lack of a budget law, coupled in the past few years with the profligacy of a Democratic administration, has destroyed all relation between the estimated needs of government, the actual expenditures, and the revenues. For instance, the estimates of expenditures submitted by Democratic officials for the fiscal year ending June 30, 1921, amounted to \$5,686,000,000. The actual appropriations allowed by the Republican congress for that year were \$4,373,000,000, a reduction from the estimates of about \$1,313,000,000.

Reductions in our funded indebtedness during that period have been only such as were authorized by congress, the appropriations for which are included in the figures given above. Those reductions, therefore, give no indication as to the relations between receipts and expenditures. But the floating debt furnishes an index as to whether the Treasury is gaining or losing. The close of the fiscal year 1921 will probably show little, if any, reduction in the floating debt now amounting to approximately \$2,750,000,000. That means that Treasury receipts have just about kept pace with the expenditures authorized by the Republican congress.

## CITY COUNCIL IN FIRST MEETING

New Aldermen Take Seats and Are Given Oath by Judge Samuel—J. E. Scott Presided as Clerk.

The first meeting of the new council was held Monday evening with all aldermen present except Ald. Elmhurst. Aldermen Rowe and Loneragan took their seats as new members and Alderman McGinnis was re-elected. J. E. Scott the new clerk was in his place.

After the clerk had called the roll Mayor Crabtree called upon Judge Samuel who administered the oath of office to Mayor Crabtree, City Clerk Scott and Aldermen Loneragan, McGinnis and Rowe.

After administering the oath Judge Samuel spoke briefly complimenting the council on its accomplishments for the past two years and bidding them good speed on their new journey just beginning.

Mayor Crabtree responded briefly. The mayor said he had not prepared any inaugural address for the occasion. He recited briefly some of the things that had been accomplished and told something of the problems that had confronted the council and how they had been overcome.

Mr. Crabtree commented on the fact that during the two years that had passed there had never been a dissenting vote in the council. This, he said was not because there was no difference of opinion but because all had been working toward one end, the good of the city.

The main reason for this condition the mayor said was the fact that there had been no secret caucuses but because everything had been open and above board. He welcomed Ald. Loneragan and Ald. Rowe and told them he hoped their association during the two years would be pleasant and productive of good.

**Bonds of Officers.**  
Under the head of communications the bonds of officers were read and approved and placed on file.

J. E. Scott, city clerk, in the sum of \$500, with C. W. Boston and I. B. Turner as sureties.  
H. K. Chenoweth, city treasurer, in the sum of \$150,000 with M. F. Dunlap and Otto E. Bufo as sureties.

E. E. Crabtree, mayor in the sum of \$3,600 with Anna F. Crabtree and P. E. Farrell as sureties.

Ald. Cain, chairman of the police committee announced the resignation of Walter Taylor as night patrolman and named William A. Blue to succeed him. The appointment was affirmed and his bond in the sum of \$500 with Albert S. Moss and John S. Easley as sureties was also approved and filed.

Claims against the city were ordered paid.

**Officers' Reports.**  
The following reports of officers were read and approved and placed on file.  
Frank Kiloran, chief of police, arrests 17, city cases 7, state cases 10. Total fines and costs collected, \$77.60.

H. C. Clement, city treasurer, reported a balance in the general fund April 30, of \$17,472.61.

W. H. Cobb reported collections as follows: Water rent, \$3,745.23. Miscellaneous \$95.99.

R. L. Pratt, city clerk, reported for the city clerk's office, \$62.50; Diamond Grove cemetery \$1,601.30; Jacksonville cemetery, \$198.

W. T. Dyer, justice of the peace, reported fines and costs collected, \$77.60.

**Loneragan On Garbage Report.**  
Ald. Loneragan when the garbage report was read remarked that it seemed to him that the department could be run on a more economical basis. Ald. Loneragan made the statement that he could get the work done for \$5,000. Mr. Loneragan said that he would ask for a more thorough investigation of this matter at some future time.

Ald. Flynn, chairman of the sewer committee, reported that in company with Ald. Elmhurst and Engineer Henderson he had visited the Second Ward and investigated the sewer conditions in the northwest part of the ward and found things in bad shape.

On Ald. Flynn's recommendation this matter was referred to the Board of Local Improvements to investigate and report back to the council.

**Brook Sewer Ghost Walks.**  
The matter of the Brook sewer in the vicinity of the gas company was brought up and Ald. Loneragan said that when he was a member of the council a number of years ago that the sewer had been cleaned out at a cost of more than \$1,000. At that time it was found that the gas company had turned tar into the sewer causing the stoppage. Mr. Loneragan said that at that time the council had instructed the company not to turn any more tar into the sewer. If they had done so he believed they should be made to clean it out.

Mr. Loneragan also told the council that some steps would have to be taken to give people water service. Mr. Loneragan said that with the fine plant the city now had that something must be done to enable all citizens to have a supply of wholesome water. It was one of the problems that the city council must solve in the near future. He suggested that the water superintendent have a map at the next meeting showing the streets that had water main and the streets that did not have it.

Mayor Crabtree told Ald. Loneragan that the city had discussed this very problem many times.

That the only solution he could see was to lay the mains by special taxation.

Mr. Sullivan of West Walnut street was present and asked if the council had ever taken any steps toward laying main on West Walnut street where the residents had petitioned for it about a year ago.

The clerk was instructed to advertise for bids to furnish the light plant with coal for the coming year.

**Cilling of Unpaved Streets.**  
The council then took up the matter of soliciting a tax of five cents per front foot from property owners on unpaved streets to help pay for oil. Quite a number of citizens were present and all except John Devlin were in favor of the tax.

Those taking part in the discussion were: Philip Schulz, Edward Kelley, William Walsh, Daniel Bagan, James Hennessey, John Conlon, Mr. Kraft, Philip Schulz, Jr., Lee Sullivan, P. A. Heneghan, W. P. Spillman, Edward DeFries, William Spaulding, John Devlin. The matter was referred to the highway committee.

Mr. Sullivan also brought up the matter of two property owners connecting to a private sewer he had laid in West Chambers street. The matter was referred to the sewer committee.

The council then on motion adjourned.

## COMPANY K. DRILLS

ARE PICKING UP

Co. K drills are picking up.

Monday evening forty men were present when roll was called and two hours were put in at hard drilling.

One of Jacksonville's well known business men, Frank Byrns was present at the drill. Mr. Byrns spent three years in the state militia as a member of old Co. I. He made a splendid talk to the boys, telling them that that three years was among the happiest of his life.

Mr. Byrns also showed his interest in the company by taking up a box of El Macco cigars. In addition, he told the boys that he would offer a \$5 shirt for a competitive drill to be held on the last drill night of the month.

Mr. Byrns expressed the belief that more business men were going to show their interest in the company in a substantial way in the future.

It is needless to say that Captain James L. Tenants Austin and Sweeney, and the entire company greatly appreciated Mr. Byrns visit and expressed the hope that he would come again.

## LOCAL RESIDENTS

MADE AIR FLIGHTS

A number of local residents were taken for air flights Sunday by John Robertson of the St. Louis Aircraft Corporation. The flights were made from the Hall field just south of the city, which is to be opened as a regular landing field some time during the latter part of this month.

Among those who made air flights Sunday were County Clerk G. L. Riggs, Charles Riggs, William Elmhurst, Jr., Charles Pudgett, H. L. Stubblefield, John Lukeman, Robin Strawn, James Reich, and Miss Clara Russel.

## Lunatics

—Did you know that eighty-eight hours of complete wakefulness means insanity for the average person—stay awake that long and you will lose your reason. That makes rest pretty important, does it not? Unless you rest properly, have plenty of fresh air while you sleep and get enough hours of sleep you are slipping backward all the time—ask your doctor. We know these things because it is our business to help you rest—keep you comfortable and mentally composed. How?

—We make clothes. Clothes that are comfortable. Uncomfortable clothes, whether because ill-fitting or ill-looking, or both, are irritating to the peace of mind and aid that "slipping backward" process. Don't believe it? Don't know the difference in a man's feelings and general deportment when he strolls down the street clad in a neat, well made suit—he's confident, and at ease.

## G. M. LUTTRELL BUYS THEATRE BUILDING

Is New Owner of Majestic Property on East State Street and Ready for Expansion.

It was made known yesterday that Green M. Luttrell has purchased from Thomas S. Scott and Beulah Scott, the business property on East State street now occupied by the Majestic theater. The building which formerly belonged to the Ricks estate, was purchased a year or two ago by Mr. and Mrs. Scott. However, thru negotiations just closed, the property will soon pass to the ownership of Mr. Luttrell, who has been the proprietor of the Majestic for the past nine and a half years.

The property has a frontage of about 30 feet on East State and extends thru to Court street, including a residence property there. It is an excellent location for a moving picture theater and offers some opportunities for expansion.

Mr. Luttrell, it is understood, is expecting to make some enlargement and betterments which will increase the popularity of the Majestic as a place of high class entertainment.

SPANISH AND FRENCH PLAY GIVEN AT I. W. C.

Spanish and French Students Present Plays Last Night Under Direction of Miss Castillon.

The students in the French and Spanish departments of Illinois Woman's college presented two plays last evening in Music Hall. The plays were directed by Miss Claire Castillon and showed the result of her able leadership. The picturesque costumes of Southern Spain, the artistic stage settings and good pronunciation, which the girls have acquired all aided in giving a charming foreign atmosphere to the plays.

The French play, "Hernani," a tragedy by Victor Hugo, had its setting in Spain, also. The cast of characters for this play was as follows:

Dona Sol de Silva... Vera Wardner

Hernani, her lover... Cora Cherry

Dona Josefa, her attendant... Velma Bain

Don Carlos, King of Spain... Isabel Woodman

The Duke, uncle of Dona Sol... Helena Betcher

The Spanish play was written by Miss Castillon herself and is a very clever little comedy. "Miguelito" is the title of the play, the scene of which is in the south of Spain. Those taking part in it were:

PROBLEMS TOLD AT COMMUNITY MEET

Public Welfare Work Has Various Department—Seek a Common Goal  
Public welfare work, dependency and allied problems were considered Sunday evening at the community conference held at the Congregational church. The new minister of the church, Rev. Mr. Stickney, presided and there was a group of speakers. Vocal solos of great excellence were provided by Misses Grace Terhune and Rose Adams, both of the Woman's college.

Among those who spoke were Miss Arthur, Dr. Josephine Milligan, Miss Fowler, Miss Riecke, Miss Ryman and Judge H. P. Samuel. The conference followed the serving of a supper and it is safe to say that all of those in the large audience came into a clearer understanding of the close relationship that exists between welfare, relief, health and dependency questions.

Miss Arthur explained the present work of the Red Cross in filing of claims for ex-service men. Some people hold the opinion that all this work has been done but the records show that the Red Cross is called upon on an average of 125 ex-service men a month for work of this kind. The claims relate to disability of ex-service men or to dependents of deceased soldiers.

Miss Fowler said that because of the interest shown by Dr. Norbury that much quicker action was secured here in dependency claims than in other cities of which she had knowledge.

**Anti-Tuberculosis Work.**  
Dr. Joseph Milligan gave some interesting facts about the work of the Anti-tuberculosis league and also about the tuberculosis sanatorium. She told of a number of clinics held during the year and gave some details of the 264 adults and children who came under observation of the clinics. The facts were given with reference to school children and health problems and special references were made to the work of the open air school. Dr. Milligan said that there were 50 people in the county the past year who needed the care and treatment that could be provided in the sanatorium had it been in operation.

Miss Fowler said that the work of the Social Service league is a community service and absolutely depends on the co-operation of the people. She said that there will be need for several more volunteer workers during the summer months, and expressed the hope that these workers might be found.

Miss Maude Ryman, who is public school nurse, gave interesting

details of her work from day to day. Some of the facts presented indicated the close relationship between the good health and efficient school work. Miss Ryman said that one of the great needs of the schools is a dental clinic. Miss Riecke has charge of the Red Cross health and relief work outside of Jacksonville precinct. In recent weeks she has been working through the pupils of the county schools, conducting the clinics for the children and so getting a direct line on the physical defects of pupils. During the summer months it will not be possible to work just in this way but there are many unfinished tasks in connection with the health program that will fully occupy the time.

**A Human Problem.**  
Judge H. P. Samuel was the last speaker and was asked to tell something of the juvenile court. Judge Samuel's earnest interest in this department of county work is a matter of common knowledge. He said that it is to the honor of Illinois that this state was the first to write upon its records a law establishing the juvenile court. This action was taken as a result of conditions in Chicago, where scores of young people were continually being arrested for misdemeanors and investigation disclosed the fact that there the authorities making disposition of these young people had to deal with a human problem and not with crime.

The speaker said that while as judge of the court, passing on estates that many claims of worth of property passed thru his hands, but that he felt no responsibility about these things by comparison with the responsibility he had in dealing with the lives and welfare of children. It is only as a matter of last resort, he said, that he takes a child permanently from its parents. That is a responsibility that he is willing to assume only after the most careful consideration and the firm belief that there is nothing else that can be safely done for that child. "There must always be some difference of opinion," he said, "between those who consider only matters of public and personal welfare and those who look at the dollar side of the question. But there is no denying that the financial side must be taken into account and in the last analysis it is necessary that some authority pass upon the expenditures to be made, with the realization that all lines of work can not be carried on to the extent that those actively interested in them think should be the case."

"So it is necessary to preserve a balance and to direct public expenditures in a way that will accomplish the greatest good to the greatest number."  
He said that it would be of inestimable value to the work of the juvenile court if there were a home here where children could be placed for a few weeks at a time until final disposition of them, but that he realized that it was not feasible to attempt to provide for such a home just at this time. The audience found the whole program of a very informing kind.

MOTHER'S DAY AT SALEM M. E. CHURCH

Banquet and Program Given Sunday in Observance of Mothers' Day—Local People in Attendance.  
Sunday was a notable day at Salem M. E. church, when a banquet and program in honor of Mothers' Day was given. There were more than a hundred members and guests of the church present and all found the occasion a notable one.

At the noon hour all were served a splendid dinner in the Sunday school room of the church, the tables being prettily decorated with white flowers. The arrangements for the dinner were in charge of a committee including Miss Fannie Boyd, chairman; Mrs. W. C. Thompson and Mrs. W. C. Cleary.

Afterward, with Miss Fannie Boyd as toastmistress, the following program was carried out:  
The Origin of Mothers' Day and a Tribute to Mother—Miss Boyd.  
A Tribute to Father—Rev. Raye L. Ragan.

Poem, "Heart of the Home"—Mrs. W. C. Thompson.  
A toast, "Mother Love"—Mrs. James Ledford.  
Vocal Solo, "Daddy, You've Been a Mother to Me"—Viola Mae Ledford.  
"Toast to Father"—Mrs. F. L. Green.

A toast, "Mother in the Home"—J. W. Breckon of Jacksonville.  
Piano Solo—Mrs. Roy Fox.

At the close of the program came a social time and then the regular preaching service was held at 3 o'clock. At this service a solo, "That Wonderful Mother of Mine," was given by Mrs. H. L. Davis. The sermon by the pastor, Rev. Raye L. Ragan, was from the text, "Behold Thy Mother."

Among the guests Sunday were a number from Hebron M. E. church and this city. Among the latter were Mr. and Mrs. J. W. Breckon, Mr. and Mrs. Joseph V. Breckon, Mrs. F. L. Ledford, Mrs. George Hoagland and sons John and Ernest, Rev. and Mrs. Raye L. Ragan, Mrs. Hamm, Misses Violet Berger, Anna and Emma Boyd.

WILL PUBLISH NAMES OF DRAFT EVADERS

WASHINGTON, May 2.—A final appeal to former service men to assure themselves that their names were not carried on the army's list of draft evaders and deserters to be made public this week has been issued by the war department.

"Men who are not actually deserters, but who believe themselves charged with desertion upon the records," the appeal said, "should communicate immediately with this office (the adjutant general) setting forth all the facts with their cases."

"There is still opportunity to escape the odium that will attend publication if action is taken promptly."

BUILDING PROJECTS AT A STANDSTILL

(By The Associated Press)  
CHICAGO, May 2.—With practically all big building projects in Chicago at a standstill because of a contractor's lockout, the Dailey legislative commission investigating building conditions today sought to trace the payment of graft to the head of one of the most powerful trades unions.

Following the testimony of two members of a contracting firm, Senator John Dailey, head of the commission, sent a representative to an office where a cancelled check for \$1,000 was found.

Senator Dailey said the two contractors sought at first to mislead the commission but that eventually a complete story involving the payment of a huge amount of graft was obtained.

OVER SIX HUNDRED EVICTION SUITS FILED

(By The Associated Press)  
CHICAGO, May 2.—More than six hundred eviction suits were filed today by landlords as a result of Chicago's "rent rebellion." The number was the greatest ever recorded at one time.

In some cases there were clashes between landlords and tenants when the landlords attempted to get possession of their flats while vans loaded with household goods of the new tenants waited outside. Where the tenants refused to come out, the landlords shut off gas, water and electric supplies from the basement and then filed suit.

In all the controversies, rents had been raised and the tenants had tendered their landlords their former rent. The hope of the tenants is in the passage by the state legislature of a bill which would extend leases a maximum of six months in cases of rent disputes.

Chicago, May 2.—The national board of the American association of Engineers at a meeting today tendered the position of national secretary of the student chapters of the organization to Julien Nardi, of the University of Illinois. Mr. Nardi accepted the position.

SIMPLE WAY TO GET RID OF BLACKHEADS

There is one simple, safe and sure way that never fails to get rid of blackheads and that is to dissolve them.

To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt and secretions from the body that form in the pores of the skin. Finching and squeezing only cause irritation, make large pores and do not get them out after they become hard. The calomel powder and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

A previous statement indicated that a larger number would be given to stockholders.

## MRS. J. C. ANDRAS DIED MONDAY NIGHT

Final Summons Comes to Well Known Woman — Had Resided in Morgan and Scott Counties All Her Life.

Mrs. J. C. Andras passed away at the home of her daughter, Mrs. E. G. Saye, 203 Kentucky street, at 10 o'clock Monday evening. Death came after many years of suffering. Mrs. Andras having been in failing health for the last eight years. For the past two years she has been helpless.

Decedent, before her marriage, was Miss Clara Wilson, daughter of William and Ann Richardson Wilson, and was born in Leeds, England. She was 76 years of age at the time of death.

When she was an infant her parents embarked for America. Her mother died during the voyage and was buried at sea. Her father came directly to Morgan county, where she grew to womanhood. Forty-nine years ago she was united in marriage in this city to John C. Andras. They immediately went to Manchester, which has since been her home.

Besides her husband, she is survived by the following children, all of whom were at her bedside when she died: Mrs. E. G. Saye, Muskogee, Okla.; Mrs. E. G. Saye, Jacksonville; Mrs. Catherine Weiss, Matteson, John C. Andras, Jr., Manchester.

Mrs. Andras was a member of Trinity Episcopal church and thru many years was faithful in her worship. She was a woman devoted to her family, but still found time to minister to needs of others in time of sickness and distress. In her home community she was a much loved woman and her going will bring sorrow to many hearts.

The remains will be removed to the family home in Manchester, where funeral services will be held probably Thursday, the hour is not yet known. Burial will be in Diamond Grove cemetery.

FORMER RESIDENT WRITES FROM CALIFORNIA TOWN

T. C. DeLapp, who is now a resident of Huntington Beach, Cal., writes the Journal some interesting facts about that town. Oil was found there in commercial quantities last June and the town has since doubled in population. Mr. DeLapp states that business is very good but that owing to the cold spring weather the crops are somewhat retarded. Mr. DeLapp was a resident of this city many years ago and is well remembered by a number of people here.

Why not get a trunk now so you can have it in the house even if you are not going to take a trip at present. See the new line at TOMLINSON'S.

Mr. and Mrs. Dave Thompson and children and Mrs. Clara Davis drove over from Springfield to visit Mrs. Norman Dewees.

### W. H. STEVENSON WILL TAKE FOREIGN POST

Former Jacksonville Man NAMED by President Harding for Membership in Institute of Agriculture at Rome.

Morgan county people will be interested in knowing that Prof. W. H. Stevenson, son of Henry S. Stevenson of this city, has just been appointed representative of the U. S. on the permanent committee of the Institute of Agriculture at Rome.

Prof. Stevenson has been granted leave of absence from the Iowa college of agriculture at Ames, where he had done notable work for a number of years and will leave immediately for Rome. The appointment came to Prof. Stevenson from President Harding and the Iowa man was selected because of the splendid work he has done as professor of farm crops and soils, and as chief of the agronomy department at the Iowa school. He will spend a few years here with his father en route to Washington. The Ames Daily Tribune gives the following facts about the appointment.

Prof. Stevenson's appointment is to take effect May 1, and he will leave at once for Washington, remaining there for a short time before sailing for Rome. Professor Stevenson has been granted leave of absence by the Board of Education in order to accept the appointment Dr. P. E. Brown will be the acting head of the department in Professor Stevenson's absence.

This Institute was founded in 1904 thru the efforts of David Lubin, an American citizen, merchant and farmer, by a royal proclamation of the King of Italy who called an international conference to which 38 nations sent representatives. At this conference the institute was definitely organized and at the present time 60 nations are represented.

Has Wide Scope. The purpose of the institute is to compile the crop reports of all countries and make this knowledge available to farmers all over the world with a view to improving general market conditions. American farmers, for example, may benefit from the activities of the institute by learning of the condition of the corn crop in Argentina, of the wool production in Australia, and so on. Information is also provided by the institute which tends to prevent the influencing of market prices of important farm products by unfounded rumors, or gross misrepresentations which many times in the past has occasioned large losses to farmers because of reductions in market prices of farm products.

This appointment is considered a distinct honor and comes in recognition of Professor Stevenson's high standing among agricultural authorities of this country and because of his well known ability as an agricultural teacher, investigator and administrator.

Here Many Years. Professor Stevenson has been connected with Iowa State for the past 18 years and during this time he has succeeded in arousing intense interest of Iowa farmers in their soils and crop problems. He has accumulated experimental data which has permitted the dissemination thruout the state of much general information regarding soil management and crop production. He has advised thousands of farmers regarding their individual problems and he has given aid and suggestions which have been of much value to the farmers of the state. The work which is now under way under Professor Stevenson's direction includes the carrying out of field experiments on some 70 fields in various parts of the state; a detailed soil survey of the state by counties in co-operation with the Bureau of Soils of the U. S. Department of Agriculture; the management of the agronomy farm, a 160-acre farm at Ames, on which many soil and crop experiments are being carried out; a study of many fundamental questions on soil and crops subjects; and numerous more technical problems.

Organize Drainage Association. Largely due to Professor Stevenson's efforts, the State Drainage association was organized several years ago and millions of have been reclaimed by drainage acres of the richest land in Iowa and made to produce large crops. In 1917 a special appropriation was secured for a soil survey of the state and 40 counties have been surveyed, the soils of these counties studied for plant food content and fertilizer needs, field experiments have been laid out and are now beginning to yield data of large value to the state.

Professor Stevenson has always shown a great interest in the farmers and their problems and his work is bearing fruit in the better systems soil management which Iowa farmers are following. His service to the state has been so evident that he has become a national figure among agriculturalists and his appointment on the permanent committee of the International Institute of Agriculture means not only a recognition of his outstanding ability but brings honor to Iowa State, to the State of Iowa and the United States. The farmers of Iowa may be certain that their interests and the interests of the farmers of the country will be well taken care of while Professor Stevenson is their representative in Rome.

### Social Events

Will Give Shower in Honor of Newlyweds

Mr. and Mrs. Charles E. Souza will entertain at their home on North Diamond street this evening in honor of Mr. and Mrs. Walter H. Meyers, who were recently married. The affair is to be a miscellaneous shower for the newlyweds and they will probably receive a large number of lovely and useful gifts. A number of friends of the guests of honor have been invited to this affair which will undoubtedly be a delightful event.

Gave Party for Guest

Misses Frances Strawn gave an informal dance Saturday evening in honor of Miss Elizabeth Farland of Griggsville who was a guest at the Strawn home. About six couples were present and the evening was spent in dancing. The hostess served delicious refreshments during the evening.

Entertained Card Club

Miss Mary Briggs was hostess to the members of the Five Hundred club last evening at her home on Pine street. There were two tables of cards and the time was pleasantly passed with playing. In the course of the evening the hostess passed dainty refreshments.

Gamma Delta Alumnae

The Gamma Delta Alumnae association met last evening at the home of Miss Anna Weir Palmer on Caldwell street. A business session was held and plans made for the last meeting of the year to be held at the country home of Mrs. Harold Swain at Sinclair. A pleasant social hour was enjoyed and the hostess served light refreshments.

Ladies from Winchester

Surprise Mrs. Dawson. Fourteen ladies of the A. W. M. class of Winchester surprised Mrs. O. W. Dawson and sister, Mrs. B. H. DeLapp of California, at the home of Mrs. Dawson, 141 Webster avenue, Saturday afternoon. The ladies brought well filled baskets and following the serving of substantial refreshments some time was spent socially.

Opportunity Circle

Serves Supper. The Opportunity Circle of Grace church served a supper in the church basement at 6:15 o'clock Monday evening, with thirty-five present. After the supper a business session was held, followed by a short program in charge of Mrs. LeRoy Potter. Reading, Mrs. Coddington; vocal solo, Mrs. Wolf. Games and music helped make the evening pleasant for all.

Helen Rawlings Chapter

Met With the Misses Mayer. The Misses Margaret and Marie Mayer entertained the members of the Helen Rawlings chapter of the World Wide guild of First Baptist church at their home on West North street Monday evening. There was a good attendance of members present and a very interesting program given. Miss Helen Shreve was the leader for the evening. The closing chapter of "Serving the Neighborhood" was read at this meeting.

Mary Melton Division of

W. F. M. S. Met Monday. The members of the Mary Melton Division of the W. F. M. S. of Centenary church were entertained by the Misses Esther and Naomi Wetzel, at their home on South East street, Monday evening. Miss Jordan was present and related some of her experiences as a missionary in China. Miss Alexander gave a review of the chapters of the study book, which was followed by the regular routine business. A social hour was enjoyed when splendid refreshments were served.

Monday Club Studies

Art of Ancient People. The Monday Conversation club met yesterday afternoon at the home of Mrs. William A. Fay on North street. The subject of the day was "Archaeology and Art" and the very interesting discussion was led by Mrs. U. G. Woodman. The early art of primitive people as revealed thru excavations, was told in an interesting descriptive way. The art treasures from the ruins of Pompeii, the early Minoan and Mycenaean jewel work, the art of the Egyptian tombs, the religious art of Babylon and the art and craft work of our own American Indians, all found place in the discussion. Those who assisted the leader in the presentation of the subject were: Miss R. Neville, Mrs. F. H. Rowe, Mrs. E. W. Bassett and Mrs. R. Shogmaker. At the close of this interesting program a social hour was enjoyed and Mrs. Fay served afternoon tea.

College Hill Club

Hears Hawaiian Program. The members of the College Hill club and their guests spent a delightful afternoon, in "Old Hawaii" yesterday, when the club held an open meeting with Mrs. C. H. Hall and Mrs. H. H. Hall at the latter's home on West College avenue. The whole program carried out the Hawaiian spirit and those present felt as if they had indeed been to the magic Isles of the Pacific.

Those who assisted the hostesses in receiving the guests were Mrs. Henry English, Mrs. Chas. Smith and Mrs. Nelson. There were about fifty people present, including the club members and the guests they were privileged to invite. Mrs. Charles Smith read a paper on the Hawaiian Islands, written by Mrs. Churchill, who lives in California, but who formerly resided here and was a member of the club. Mrs. Churchill spent a great deal of time in Hawaii and she wrote with touch

### NAMES OF HIGH SCHOOL SENIORS BEFORE BOARD

Superintendent Perrin Presents List of Young People Expected to Graduate—May 27 Is Commencement Date — Dr. Jaynes Will Deliver Address.

At the regular meeting of the board of education, held last night, Superintendent Perrin presented the names of 71 young people who are expected to graduate from the high school this month, Friday, May 27, is commencement day, and it is still hoped that the exercises can be held in the new building. Dr. Frank E. Jaynes of Chicago, a platform speaker of wide fame, will make the address.

The roll call last night showed the following present: President Lippincott, Members Fiedler, Metcalf, Rapp, Caldwell, Muehlhausen, Duncan, Hopper, Black and Rogerson.

Most of the matters presented related to the new high school building, details of contract already entered upon. Approved bills were ordered paid and other matters of routine business were given attention.

A letter was read from the president of the University of Chicago urging the advisability of sending a representative of the school to the conference of high school principals and superintendents, to be held with university authorities in Chicago May 5 and 6. The board authorized Superintendent Perrin to attend this conference, as many matters of interest to school systems are to be presented.

Superintendent Perrin presented the monthly statistical report, from which some facts are given. The names of those who are to graduate are listed below:

Enrollment — Yearly, 2,300; monthly, 2,111; daily, 1,948; average daily attendance, 1,886.1.

Health report—Professional visits, school and agencies, 156; home visits, 115; health talks, 11.

Clinic—Number children examined, 32; number temperature and weights, 225.

Results of Examination—Operations, 4; treated, 12; glasses fitted, 4; total, 20.

MICHAEL DOWLING DIES IN ST. PAUL HOSPITAL

The last issue of the Chicago Banker makes mention of the recent death of Michael J. Dowling, in a St. Paul hospital, from heart disease. Mr. Dowling, who visited Jacksonville last fall and addressed a state conference of charities and corrections, had become famous because of his successful business career despite his handicaps. When a mere child he was caught in a snow storm in a northern state and was so badly frozen that he lost both legs, his left arm and was partially disabled in his right arm. Notwithstanding these handicaps he obtained an education and became a successful banker.

IS TAKING VACATION

Miss Vera King is taking a vacation of several weeks from her duties as stenographer and bookkeeper in the office of Dr. C. E. Black. Miss King left recently for her home in Palmyra and with her mother expects to make a trip to the east. During her absence Miss King's position will be filled by Miss Gladys Elam, formerly a student at Brown's Business college in this city.

### ALCOHOL STOLEN FROM LOCAL HOSPITAL

Thieves Made Rich Haul in Basement of Passavant—The Work of "Experts."

Thieves who understood their business made away with about 50 gallons of alcohol from the basement of Passavant hospital Saturday night or Sunday morning. The barrel of alcohol was received from Peoria Saturday afternoon and stored in the basement. Sunday morning it was found that the basement had been entered, a siphon laced in the barrel and more than half the contents taken. An empty milk can of ten gallon size was near the barrel and the tools which had been used were also there, indicating a hurried departure had been made.

Police investigation resulted in finding that four ten gallon cans had been stolen from a local safe. Three of them had evidently been filled.

Thefts of alcohol shipped from Peoria have been so frequent that special agents of the railroad now guard all barrels in shipment. It is believed that an organized gang of thieves in Peoria keeps a close watch on all shipments, and that the barrels placed in transit are followed closely.

Chief Kiloran said last night that he is confident the theft here was committed by men who knew the shipment had been made and just when the barrel was received and placed in storage. While the alcohol is furnished the hospitals by the government at a comparatively low price per gallon, it commands a very high price from those who use it illicitly for making liquor.

ALBERT HOPPER HAS PAINFUL INJURIES

Albert Hopper of the Strawn's Crossing neighborhood is confined to his home by injuries he sustained Sunday when attacked by a ferocious bull at his home. Mr. Hopper was crossing the pasture when the enraged animal attacked him. He was knocked to the ground and then thrown against the fence with such force that the boards broke and he fell thru to the other side. This probably saved Mr. Hopper's life, as he would otherwise almost certainly have been trampled to death.

Mr. Hopper was taken to his home and medical aid summoned. It was found that no bones were broken but that there were numerous very painful bruises. The physicians believe that his injuries will not prove serious if there are no internal injuries.

### GEORGE GUNN WON HIGH HONORS IN VOICE

Jacksonville Young Man Appeared in Competitive Contest in Chicago Monday Night.

George T. Gunn won special honor in the annual concert of the Chicago Musical college, held at Orchestra hall, in Chicago, last night. As a result of his singing in this program Mr. Gunn was awarded a complete musical education, offered by the Chicago Musical college to the student in its vocal department considered the most capable.

Mr. Gunn, who is a son of Mrs. Nellie Gunn, living two miles west of Jacksonville, was a student at the Conservatory here and appeared in several public programs. More recently he has been studying in Chicago and his success in so large a field of contestants affords the proof of his ability. He has a baritone voice of remarkable breadth and power. Last night he sang "Honor and Arms," from Handel's Sampson and was accompanied by the Chicago Symphony orchestra, under the direction of Frederick Stock.

Miss Katherine Smith of Bellingham, Wash., won a valuable violin, and grand pianos were the prizes of Miss May Phillips of St. Louis, and William Beller of Burlington, Wis.

ATTENDED CONVENTION AT SPRINGFIELD

A number of local people have returned from Springfield where they attended sessions of the Illinois Music teachers' association convention. Among Jacksonville people in attendance were Mrs. Helen Brown Read, who gave a group of songs Friday afternoon; Mrs. Homer Potter, Mrs. Wesley James, Miss Alice Mathis and Fred Meyer. The latter three are members of the faculty of the School for the Blind.

### Deaths

Patrick.

John Albert Patrick of Evanston, Illinois died Monday afternoon at 4 o'clock, at the home of his brother, Charles Patrick, 221 South East street. The deceased was born at Green Island, Albany county, New York, May 2, 1853. In 1854 the family moved to Chicago where they resided for a number of years. The wife preceded the husband in death. Surviving are three sons and one daughter, Bert of the state of Washington, Harry of Winter Garden, Florida, George of Kalamazoo, Mich., and Mrs. Henrietta Pillsbury of San Diego, California. The remains were removed to the Gillham Funeral Home and funeral arrangements will be announced later.

FINAL APPEAL FOR STARVING CHINESE

The Ministerial association of Jacksonville wishes to make a final appeal on behalf of the starving in China. 14,000 dying every 24 hours! By July the harvests in China will bring relief. But what about the hundreds of thousands who will die these next two months? Please make a final effort and save all you can. Mayor Crabtree has consented to act as treasurer and forwarder of all gifts to the China Famine Relief fund. No time is to be lost.

Give what you can now. Three cents will save a life for one day. Fifteen cents will save a life for one week. One dollar will save a life for one month. Make check payable to E. E. ## "BUCK" SIMS' PITCHING TOO MUCH FOR DECATUR

Local Harrier Holds Traction Team to Three Hits and Index Wins 7 to 3—Local Hits Were Timely

"Buck" Sims' pitching was too much for the Illinois Traction team of Decatur at South Side park Sunday afternoon. It was not good weather for baseball and especially for harriers, yet both Sims and C. Rushing pitched good games.

Sims was never in trouble except in the first inning when he walked the first man up and Young followed with a three ply smash which scored the run. Aside from that he dominated the situation, striking out 12 men, walking three and hitting a batter.

C. Rushing allowed seven hits, walked one and hit one. However the locals bunched their hits with

the visitors' misplays which accounted for many runs.

Clark caught a good game for the Indians and B. Rushing did the work for the traction team back of the log. Young in left field made several nice catches for Decatur.

How the Runs Were Made—Decatur scored in their first. Eberling walked. Redmon struck out and Young poked one to right center for three bases. Eberling scoring. Young died at the plate on C. Rushing's boulder to Rubie, and Virden struck out.

The locals got three in their half of the first. Denny lined out to Eberling. Wheeler flied to Morenz. Rubie beat out a hit to short and took third on Clark's single to left. Morrow hit to C. Rushing who threw wild to first. Rubie and Clark scoring. Morrow took second on the play and scored on Christopher's single.

Decatur added one in the fourth. C. Rushing singled and took second when Sims threw wild to first to catch him napping. He went to third on Virden's out. Rubie to Morrow, and scored on Morenz's double.

The Indians got that one back in the fifth on Cox's three bagger and a wild pitch. In the seventh after Sims had struck out three in a row the Indians put the game on tee. After Christopher and DeCatur hit to C. Rushing, by Sims (Peterson); by C. Rushing (Cox). Wild pitches—Sims, 1; C. Rushing, 1. Passed ball—Clark. Time—1 hour 50 minutes. Umpire—Ely.

## ST. LOUIS DEFEATED DETROIT 7 TO 6

Billings' Hit in Thirteenth Inning Scored Winning Run—Twenty-One Tigers Left on Bases.

DETROIT, May 2.—St. Louis won the last game of the series from Detroit today 7 to 6, after 13 innings of see-saw baseball. Lee's walk, Lamb's sacrifice and Josh Billings' only hit of the game—a single to left center—scored the winning run in the thirteenth. Thirteen Detroiters were given bases on balls but the visitors played well in the pinches, 21 Tigers being left on bases. Score: St. Louis: A. B. R. H. O. A. E. ## OMER WILL COACH CARTHAGE COLLEGE

Former Northwestern Director Will Take Charge in the Fall Will Have Charge of All Athletics.

Carthage, Ill., April 30.—(By A. P.)—Lewis Omer, former director of athletics at Northwestern University, has been engaged as athletic coach at Carthage college. He will begin his duties in the fall and will have direct charge of all athletics.

Coach Omer is a graduate of the University of Illinois and formerly was coach at Oak Park, Ill., high school. Later he became track coach at Northwestern, and in 1913 was appointed director of athletics. He held this position until 1917, when he entered the military service at Camp Grant, Ill., as division athletic officer. He coached the 86th division in baseball, football and basketball. The Camp Grant teams made a splendid showing in army competition and also in games with "Big Ten" teams.

The new coach is planning to offer a course for advanced college students who contemplate teaching along the lines of coaching and administration of high school athletics.

Aside from officiating in football games in Idaho last season, Coach Omer did not engage in athletic work.

A. C. Moeller called in the city from Peoria yesterday.

## THREE EYE LEAGUE CLUBS READY TO START

Begin Twentieth Annual Pennant Chase Tuesday—Several Old Managers Again in Charge.

Chicago, May 2.—(By A. P.)—Clubs of the Three-Eye League tonight are ready for the opening of the twentieth annual pennant race Tuesday with the club owners and managers confident of a prosperous season and a hard fought scramble for the flag.

The opening day schedule follows: Cedar Rapids at Evansville. Rock Island at Peoria. Moline at Bloomington. Rockford at Terre Haute.

"The league will open its season under the most promising and favorable conditions in the history of the circuit," President A. R. Tearney said. "The clubs will present many new players to the fans, as well as a number of new managers, who have proven themselves successful leaders. That the race will be keenly contested is indicated by the enthusiasm throughout the circuit."

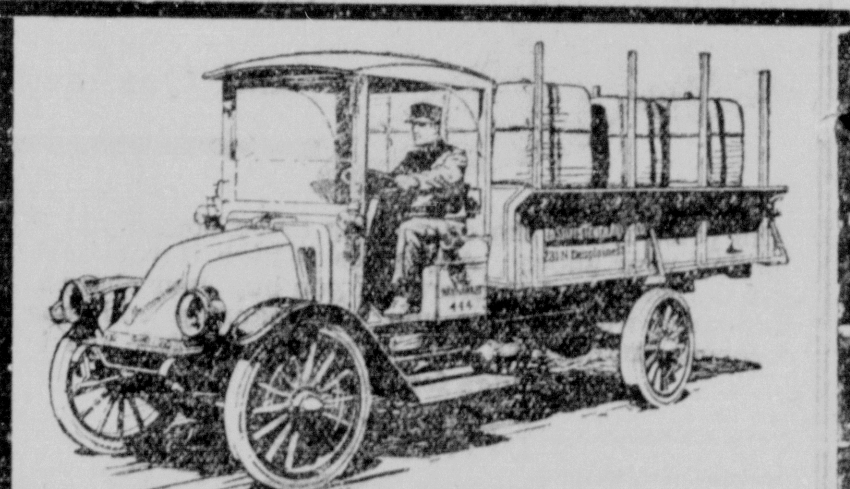

Joe Dunn, who piloted the Bloomington to the 1920 championship, will again manage the club this season. Earl Mack, son of the veteran, Connie Mack, of the Philadelphia Americans, returns to Moline as manager. The other leaders are: William Jackson, Peoria; George McQuillan, Rock Island; Al Bashang, Evansville; Bob Coleman, Terre Haute; Harry Brant, Rockford; Frank Boyle, Cedar Rapids.

President Tearney regards the staff of umpires as one of the best in the minor leagues. It is composed of Matty Fitzpatrick, last

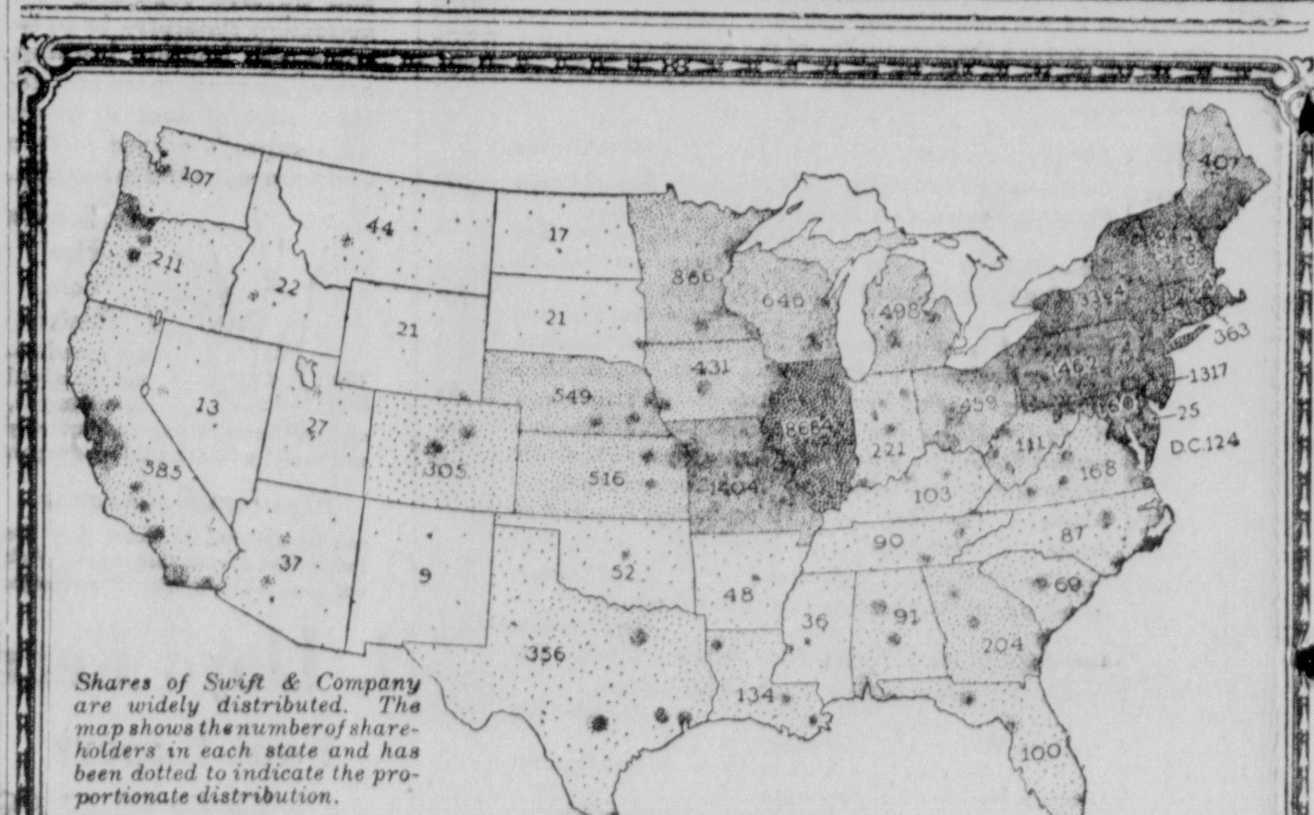

season in the Western League; Albert Irwin, formerly of the Federal League; L. C. Hall, of the Central League; Edward P. Lauzon, formerly of the Western Association, and Emmet T. Ormsby, former star pitcher in the major leagues and American Association. Ormsby is a veteran of the world war, having been wounded while fighting with the marines.

George Baker represented Murfreesboro among city merchants yesterday.

## Who is Swift & Company?

Swift & Company is not a one man or one family affair. It is a company owned by more than 40,000 people scattered over the face of the globe—forty thousand shareholders with voting powers and a share in the risks and profits of the business.

Most of the forty thousand live here in the United States. But some of them live in France, some in England, others in the Philippines, Hawaii, Alaska.

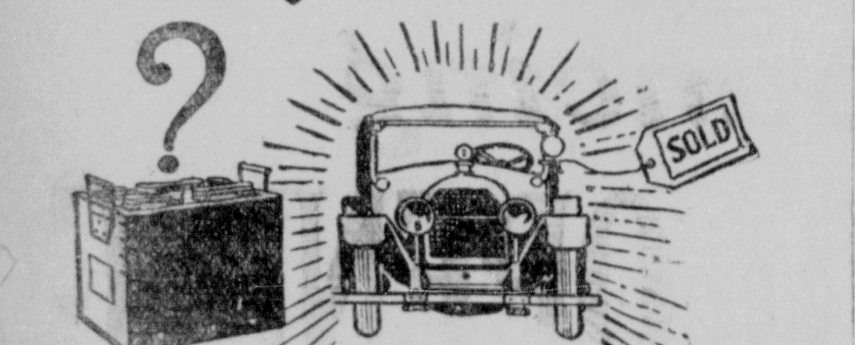

13,000 of them are women. Nearly 14,000 of them are employees. The average individual holdings are small—about 37 shares apiece.

No one person or family owns a majority of the stock.

The executives of Swift & Company maintain the high standards of these products as an imperative duty not only to the 40,000 shareholders, but to the public.

SEED CORN—We have had a  
wonderful season in Mason City  
this year for maturing seed corn  
with the result that we have the  
finest lot of well dried 129 crop  
of seed corn that we have ever  
grown. This corn is gathered  
in the fall and placed on drying  
racks when it is very slowly  
dried down to twelve or four-  
teen per cent moisture content.  
This gives corn a very high  
vitality. We have been in the  
seed corn business in a large  
way for over thirteen years and  
have the largest and best  
equipped drying plant in the  
world. Our down town plant is  
in the center of Mason City,  
right on the hard road between  
Springfield and Peoria. It is  
well worth a trip to Mason City  
to see this corn. Price is only  
\$3.50 per bushel. Write for  
beautifully illustrated cat-  
alog. Box 44.

**LITERBERRY SCHOOL TO CLOSE THURSDAY**  
Picnic to Mark Last Day of Term—Ladies Aid of Baptist Church to Meet Wednesday—Other Literberry Items.  
Literberry, May 2.—Thursday will be the last day of school for this term at Literberry college, and there will be a gathering in of parents and friends to celebrate the occasion.  
The Ladies' Aid of the Baptist church will meet on Wednesday afternoon at Walnut Brook Farm with Mrs. Ona Crum. A Mothers' Day program will be carried out.  
Mr. and Mrs. John Guy drove to Jacksonville Sunday and attended service at the Baptist church and heard a very fine sermon.  
Some time ago Mr. Nicholas of Arcadia built an implement house on Railroad street in Literberry. Finding it inconvenient and too far from home, he put it on skids, hitched his engine to it and dragged it down to his implement lot at Arcadia on last Thursday.  
The Literberry Mission Circle met at Sunny Slope on Friday and a very interesting meeting was held.  
Mrs. William Brown was hostess and was assisted by her grand daughter, Mrs. Irene Lewis of Virginia.  
Nine members were present and some visitors. The roll call was answered by "Reasons Why the Bible Should Be Our Daily Study."  
Mrs. Gatschall read the 28th chapter of Matthew. Prayer by Mrs. Guy.  
Some business was transacted and some arrangements made about the books of the reading course. Mrs. Guy gave a good talk about the needs of China, the scriptural needs, and spoke in terms of praise for the young man, Wayne Gard of Jacksonville, who will go to Burma as a missionary worker from the Baptist church at that place.  
Others spoke feelingly of the good cause and much attention was given the study book during the hour.  
Mrs. D. H. McCarty gave a reading, "The Little Home Missionary Woman Who Lived in the Alkali Country Where Nothing Much Grew but Cactus and Sage Brush."  
Mrs. Guy read "Fetch and Carry," a fine lesson in the life of a minister's family and the servant girl.  
Offering \$3.60.  
The president gave China as the subject of the text lesson and the meeting for May will be at Sunshine Cottage.  
A two-course dinner was served at the proper time, which was of the best. Benediction Psalm, 2-8.

**HOW IS YOUR BLOOD?**  
Danville, Ill.—"Dr. Pierce's Golden Medical Discovery is an excellent family medicine. I have always given it to my children as a tonic and a blood purifier. It always proved to be just the medicine needed for these conditions. It puts the blood in a perfect and healthy condition and builds up the entire system. I would recommend this tonic for growing children."—Mrs. Kathryn Gorman, 305 Commercial St. Sold by druggists. Contains no alcohol or narcotic.—Adv.
